You and your patients will enjoy:

- A methodical, structured planning process.
- A controlled, predictable surgical appointment.
- Dramatically less time in the dental chair for you and your patient at every step of their treatment.
- A smoother journey through treatment.
- Reliably excellent results .

Learn why one of our previous course attendees, and now regular CHROME GuidedSMILE user, Chris Barrowman, said, ‘It really is a no-brainer for a dental practice. The CHROME GuidedSMILE product is excellent in its’ concept and, once you have seen and felt it in action, you know it has been thought through by some very clever people. They’ve thought of everything.’

‘I would encourage anyone to come and do this course – you won’t regret it’ Dr Santiago Oliver Chamorro
