

IMPLANT FOUNDATIONS

Start Date: 17th, October 2022

End Date: 18th, October 2022

Cost: £995

Course Introduction

Having been educating dentists on the subject of implants for 15 years, having ran a successful implant practice for 10 years, and currently heavily involved in how digital technology is changing the implant landscape, our speaker James Hamill is perfectly placed to deliver a practical, no-nonsense, 2 days of fun and honest learning.

Covering the key components of case selection, risk evaluation, digital planning, restoratively led placement and simplified restorative techniques, James will share his experience with the delegates helping them create a reproducible, realistic and effective process for dealing with the majority of implant patients.

Learning Objectives & Aims

At the end of the 2 days each delegate will leave with:

- a) An increased understanding of what is required to provide implant treatment in practice
- b) An understanding of what makes a good implant dentist and where they personally sit within the implant treatment process.
- c) The ability to assess the common RISK factors in patient selection.
- d) Practical knowledge on the use of restoratively led digital planning.
- e) An understanding of Overdentures and their successful use.
- f) The practical experience of implant impression techniques.
- g) The experience of seeing LIVE surgery with immediate loading techniques

h) An understanding of implant maintenance and trouble shooting

i) A LIVE implant crown restoration

Speaker List

James Hamill BDS MFDS DIP IMP DENT

James graduated from Dundee in 2001 and in 2003 started his implant career. An award winning dentist he is a member of the Faculty of Dental Surgery and has achieved the Diploma in Implant Dentistry from the Royal College of Surgeons, Edinburgh. He is an ITI Fellow with a passion for mentoring and education.

James offers a full range of implant solutions, and has a small freelance practice limited to implant surgery and one to one mentoring. He has been pioneering the use of guided surgery in full arch immediate rehabilitation in the UK and Ireland, and has now taught over 30 implant surgeons the techniques involved.

As CEO of Quintess Denta and Quoris 3D, he is a forward thinking, relaxed and honest speaker who openly shares his experience of practice ownership and background commercial knowledge for the benefit of all delegates.
