- Be able to diagnose peri-mucositis and peri-implantitis.
- Be able to set up protocols to diagnosis and prevent peri-mucositis
- Be able to apply Emdogain for tissue regeneration using the flapless method.

Course Schedule

Speaker List

Dr Hatem Algrafee qualified as a dentist from the Royal London Hospital (General Dental Council registration 72250). He then worked in an oral and maxillo-facial surgery department, followed by positions for various health authorities and general practice.

He completed four years full-time specialist training in Periodontology at Guys London Hospital. He was awarded a Master's Degree (MSc) in Periodontology and Masters in Clinical Dentistry (M.Clin.Dent) from Guys Hospital. Formal specialist supervised training was completed in 2004 and Dr Algrafee was admitted to General Dental Council Specialist list in the field of Periodontics.

Hatem now dedicates his time to Periodontics in private practice, as a lecturer for PerioAcademy. He teaches, coaches and mentors postgraduate dentists in the field of Periodontics (Gum assessment and treatment) both throughout the UK and abroad.
